INFORMATION ABOUT THE HANDLING OF COVID-19 AT THE BOARDING SCHOOL

Dear boarding school students and parents,

I am writing to you in particular as you are at boarding school right now.

As some of you probably already know, the Danish authorities have announced that from today, Saturday, March 14, 2020 at 12 noon the Danish borders will be closed, until Monday April 13, 2020.

Based on the actions taken by the Danish authorities, we have decided to keep the boarding school open during the Easter holiday / spring break for you that already are at the boarding school.

We will do our best to have some good weeks together, and at the same follow the tightened guidelines that we have set up at the boarding school.

Important - Travelling

If you choose to travel abroad, it is against the guidelines of the Danish authorities.

- there is no certainty when you can return to Denmark.
- If you can return, you will have to be in charge of the 14-day quarantine in Denmark, before you can go back to boarding school and start school again.

We hope you stay!

Questions can be made to the undersigned.

Yours sincerely,

Betina Hyldgaard Andersen
Head of Boarding School
