## UPDATE - March 10, 2020

### INFORMATION ABOUT THE HANDLING OF COVID-19 AT THE BOARDING SCHOOL

Dear boarding school students and parents,

We are constantly monitoring the situation in Denmark as well as around the world in relation to COVID-19.

The Danish authorities have tightened their travel guidelines for the whole world. In the same time, they have tightened their rules and guidelines in Denmark. There is a larger risk of getting the virus and spreading the virus.

We follow the situation closely and have decided to take the consequence and set following new rules and guidelines at the boarding school:

- **Sunday, March 8, we closed all corridor kitchens at the boarding school**
- **We now have zero tolerance for guests at boarding school (including the apartments)**
- **All unnecessary trips in March 2020 should not be made**

You still have a duty to inform about travel activity in writing. Travelling may mean that you are not allowed to return to boarding school for a longer period of 14 days, after you have been travelling.

#### **Easter break / Spring break**

We are aware that the Easter break / spring break are approaching. We would definitely recommend that everyone find opportunities to stay in Denmark during the break.

We know that all students from abroad has a contact person in Denmark, and hopefully can be at their place. If there are going to be any problems in that direction, be sure to contact me.

Questions, information about travel etc. can be made to the undersigned.

Yours sincerely,

Betina Hyldgaard Andersen  
Head of Boarding School
