**Dear new students and parents,**

Welcome to the boarding school at Nyborg Gymnasium.

We are looking forward to welcoming you on Saturday 10 August 2024, between 11.00–13.00, where there is accommodation for you new students. The continuing students do not arrive until Sunday 11 August 2024. It is important for us to have the first day together with all of your new young people at the boarding school.

You probably have several different reasons for applying Nyborg gymnasium and the boarding school.

There are two things that are fundamental for the social environment and the everyday life of the boarding school. The first one is the respect for your studies at the gymnasium as your studies are the prerequisite for living at the boarding school. The other thing is the mutual tolerance and consideration for your fellow boarders which is required for 193 boarding school students to live beneath the same roof and interact with each other.

We want the individual student to feel safe and, at the same time, be given good opportunities for personal development. At the same time, we demand responsibility and the understanding of being part of a community. It is these qualities and values that we believe in and want to encourage. Some might consider freedom with responsibility as an empty phrase, but at the boarding school, we give meaning to the phrase.

Besides this greeting and a schedule of the first week of introduction, we have enclosed a list of practical things, which are relevant for you to know beforehand. At Nyborg gymnasiums website, you can find a version of the boarding school's rules and practical information, which is good and essential reading before starting at the boarding school. We expect the rules of order to be read before the start.

If you have any questions, you are very welcome to call the school or the boarding school.

We wish you and your family a very nice summer and are looking forward to a year of good fellowship and great experiences.

On behalf of the boarding school staff.

Yours sincerely,

Betina H. Andersen  
Head of Boarding School
