| If yes, please indicate which IB schools | | | |
| If yes, please indicate the priority of Nyborg Gymnasium | 1st <input type="checkbox"/> | 2nd <input type="checkbox"/> | Lower <input type="checkbox"/> |

EU residence document/Residence permit

Newtodenmark.dk is the Danish Immigration Service and the Danish Agency for International Recruitment and Integration's official web portal about the rules for entering and residing in Denmark.

Non-Danish citizens may have to apply for either an EU residence document or a residence permit via this website.

Please note that applicants from non-EU/non-EEA countries can only apply for a one-year residence permit for studying if they are coming to Denmark without their parents. You can only be granted this residence permit to follow one year of a high school programme if you meet one of the following three conditions:

- The stay must be arranged by a student exchange organisation
- You have started your high school programme in your home country and want to do one year of your education in Denmark
- You wish to start your high school programme in Denmark, and you are able to provide documentation showing that you will continue the programme in your home country

It is the applicant, who must apply for either an EU residence document or a residence permit, if required to attend our school, and in the table below, you can check if you have to apply.

Application for EU residence document or residence permit needed?

| Citizenship | EU residence document or residence permit needed? | Please select |
|--|--|--------------------------|
| Denmark | I am a Danish citizen, and I do not need a permit to study | <input type="checkbox"/> |
| Nordic countries | I am a Nordic citizen from Finland, Iceland, Norway or Sweden, and I do not need a permit to study, but I need to bring ID | <input type="checkbox"/> |
| Other EU/EEA countries or Switzerland | I am an EU/EEA citizen or from Switzerland, and I will apply for an EU residence document | <input type="checkbox"/> |
| Non-EU/non-EEA countries with residence permit in Denmark | I have included my residence permit for Denmark | <input type="checkbox"/> |
| Non-EU/non-EEA countries without residence permit in Denmark | I will apply for the one-year residence permit to complete the Pre-IB Programme. I am aware that the residence permit cannot be extended and that I will need to leave Denmark once my one-year residence permit expires | <input type="checkbox"/> |

Should you have any questions regarding the need for applying for either an EU residence document or a residence permit please first read the information on Newtodenmark.dk, and then contact our IB Secretary, Sharon Austin, at phone number (+45) 63255212 or via e-mail sha@nyborg-gym.dk.

Pre-IB Subject Choices

Please carefully read the instructions above for choosing your Pre-IB subjects before completing the table below.

Your Pre-IB subject choices: Please indicate by ticking off

| Subject Group | Subject | Choice |
|---|--|--------------------------|
| Danish <i>(one choice only)</i> | Danish A (first language) | <input type="checkbox"/> |
| | Danish B (continuation) | <input type="checkbox"/> |
| | Danish ab initio (beginner's) | <input type="checkbox"/> |
| Additional foreign language <i>(one choice only)</i> | French B (continuation) | <input type="checkbox"/> |
| | German B (continuation) | <input type="checkbox"/> |
| | French ab initio (beginner's) | <input type="checkbox"/> |
| | Spanish ab initio (beginner's) | <input type="checkbox"/> |
| | English as a Second Language (I understand that this will have consequences for my possibilities for changing to a Danish high school, where a third language is required) | <input type="checkbox"/> |
| Sciences <i>(one choice only)</i> | Biology and Chemistry | <input type="checkbox"/> |
| | Chemistry and Physics | <input type="checkbox"/> |
| | Biology and Chemistry and Physics | <input type="checkbox"/> |
| The Arts <i>(one choice only)</i> | Film | <input type="checkbox"/> |
| | Visual Arts | <input type="checkbox"/> |

Instructions on choosing Pre-IB Subject Choices

In Pre-IB, students have the following subjects

- Danish A / Danish B / Danish ab initio
- English A, including General Linguistics
- French B / French ab initio / German B / Spanish ab initio / English as a Second Language
- History
- Sociology
- Basic Science
- Biology+Chemistry / Chemistry+Physics / Biology+Chemistry+Physics
- Mathematics
- Film / Visual Arts
- Physical Education

Choosing your language level

Note: In addition to English and Danish, students would normally choose one additional foreign language (French B, French ab initio, German B or Spanish ab initio), and all students who want to maintain their right to change to the Danish high school system during or after Pre-IB, must choose one of these if they.

- Language A: First language (mother tongue). All students graduating from the Danish school system or being fluent in spoken and written Danish must choose Danish A
- Language B: Continuation of a foreign language, aimed at students with some knowledge of the spoken and/or written language (2-3 years of prior schooling or equivalent)
- Language ab initio: Beginner's language (no prior knowledge expected)
- English as a Second Language: Students who have neither Danish nor English as their first language, and who want to focus on Danish and English only could choose English as a Second Language, so that they would be doing both English A and English as a Second Language.

Choosing your natural science subjects (either two or three sciences)

Note: Physics is required to study Biological or Health Sciences in Denmark.

- Biology+Chemistry: Choose Biology+Chemistry, if your interests for tertiary education do not align with those mentioned for Chemistry+Physics.
- Chemistry+Physics: Choose Chemistry+Physics, if you are interested in tertiary education in Chemistry, Physics or Technical Sciences (e.g. Engineering) both in Denmark and abroad, or in Biological and Health Sciences in Denmark.
- Biology+Chemistry+Physics: Choose Biology+Chemistry+Physics, if you are very interested in sciences and would like to keep your options for tertiary education in all Natural, Health or Technical Sciences open both in Denmark and abroad. Please notice that this will be an additional subject and therefore an extra workload.

Choosing your arts subject

- Film: Choose Film if you are interested in developing your own ideas and producing your own film or tv productions. In this course, you will be analysing, interpreting and producing film, and you will explore different film genres, such as short films, documentaries and commercials.
- Visual Arts: Choose Visual Arts if you are interested in developing your own ideas and creating your own works of visual arts. In this course, you will be analysing, interpreting and creating works of visual arts, and you will explore paintings, drawings, sculpturing, street arts and architecture.

Disclaimer: Please note that your subject choices cannot be guaranteed, since a minimum number of students is required to establish a class. In that case, we would contact you regarding your options.
